List of Terms

10	user interface
11	input element
12	calotte
13	elastic force
14	base plate
15	contact matrix
16	scanning unit
17	pattern recognition unit
18	contact coating
19	underside
21	left edge
22	center
23	right edge
24	Key with user interface action press and hold
25	joystick movement
62, 63	closed contact
111	open contact
141	screened rectangle
142-145	contact
161	center
162	edge
181, 182	conductive path
211, 212, 231	average
232	contact
234, 235	edge
236	casing
251	flexible foil
252	convex curvature

253	electrically conductive coating
254	case
261	case
271	display
273	notch
281	case
311-315	step of algorithm
